NEX TIME

Garden Collection

Dear NeXtime friends,

Lets go outside, proudly we like to introduce a new group of products to the NeXtime family, a group of weatherproof clocks which can be used outside in protected areas. These products can be sold online and also in Garden centers with the special Garden center display. I hope you like this new concept and that you decide to join us this spring to a possible new market for our clocks.

Weatherproof clocks can be used outside and can resist humidity. Preferably these products hang in a protected area outside and not in open weather situations.
