```
 ┌──── 120 > 90 > 60 > 45 >30>15>05 ────┐
 │                                       │
 └──────────────── OFF ──────────────────┘
```

ADJUST VOLUME

While listening, press VOLUME + or - to adjust volume.

ADJUST DISPLAY BRIGHTNESS

Press and hold DIMMER for 2 seconds repeatedly to select a high or low brightness level.

BATTERY BACK-UP

Slide open the battery cover at the back of your clock, then 2 x 1.5 volt (LR6, UM-3, AA) batteries to the battery compartment. Make sure +/- polarity of the battery are facing in the right directions. Then replace the battery cover.

The battery is for back-up only and just helps to save your settings in cases of missing power. There is no display in back-up mode.

TROUBLE SHOOTING
If your clock displays irrelevant time or does not function properly, which maybe caused by electro-static discharge or other interference, unplug the DC jack to disconnect the AC power (and remove the backup battery). The clock will be reset to default settings and you need to set it again.

CARE OF YOUR LED ALARM CLOCK
1. Do not expose the unit to extreme temperature, water or direct sunlight.
2. Avoid contact with any corrosive materials.
3. Do not subject the unit to excessive force, dust or humidity.
4. Do not open the inner back case or tamper with any components of this unit.
5. Do not plug in any other AC/DC adaptor with incorrect specifications or voltage.
